THE HUSKY
HIRSCHI HIGH SCHOOL
Wichita Falls, Texas — Volume II

A New Design — A New Experience

A variety of new experiences, fresh ideas, and unforgettable moments mark the beginning of a new decade at Hirschi. With the thought of a new experience in mind, the Annual Staff presents to you a yearbook covering two areas of the school

year 1972-73: the *story* and the *record* of Hirschi High School. We hope that this new format will indeed be a memorable experience as the beginning of a decade creates a new awareness for students, administrators, and teachers.

Mrs. Myrtle Hirschi Ledford

Our new experience would be incomplete without the efforts of MRS. MYRTLE HIRSCHI LEDFORD. A loyal Husky supporter, Mrs. Ledford displays a keen and

sincere interest in the students and activities at Hirschi. The beginning of our second decade acknowledges the ever-present friendship of Mrs. Ledford.

High School.

It is with sincere admiration that we dedicate the HUSKY '73 to these loyal Huskies ready to become a part of OUR EXPERIENCE.

Out of This World

As the crew of Apollo 17 journeyed to the moon, our lives were involved with preparation for the holidays, which included Choir Christmas Concerts. Apollo 17 was the last of the Apollo missions and left this heavenly body in the early morning hours of December 7, 1972.

The end of 1972 and the beginning of 1973 were marked with sadness in the deaths of two former Presidents. President Harry S. Truman, our 33rd President, died on December 26, 1972, in Missouri. President Lyndon Baines Johnson, a native Texan and our 36th President, died at his ranch at Johnson City on January 22, 1973. Johnson's death came 28 days after that of former President Truman, leaving the nation without a living former chief executive.
